Instructions:

- (Teacher) cut out the words of each sentence and keep together with paper clip
- Divide class into 8 groups, give each group a whiteboard or paper
- Place each of the 8 sentences in a different part of the room
- Assign each group a starting point (sentence)
- Groups must race to put together their sentence and write the sentence on the white board in the correct, and with the correct capitalization and punctuation
- After all the groups have completed a sentence or an allotted amount of time (~5 minutes max) has passed, the group reshuffle the sentence they worked with and rotate to the next station
